

## Trout Mountain Forestry/Forest Peak Ventures 2007-2008 Custom Cut FSC Lumber

### *From the forest*

- Brought **1.5 million board feet** from eleven Oregon landowners
- Landowners achieved FSC certification through Trout Mountain Forestry (clients and associates)
- Logs were a mix of domestic and export quality

### *To the sawmill*

- Forest Peak Ventures coordinated with local mills to cut the lumber
- Produced **2.15 million board feet of finished lumber**
- Our region's highest quality logs are typically exported to Asia – these logs were processed **LOCALLY**

### **Results**

Average **12.5% premium** over conventional log prices returned to landowners (\$76/thousand board feet)

FSC label can work in the Pacific NW!

### *To the customer*

- **99% of the lumber was sold to FSC buyers** including:
  - Added value manufacturers
  - Lumber yards
  - Framers
- Most of the wood was sold to local companies in OR, WA and CA
